CARL R. JOHNSON
PUBLICATIONS

A. Books Published.

1. Scholarly Books Authored or Edited

2. Textbooks:

3. Study Guides/Laboratory Workbooks

B. Chapters Published.

1. Authored

2. **Co-Authored**

T. D. Whitaker, K. S. Whitaker and C. R. Johnson, *p-Toluenesulfonyl Chloride (Tosyl Chloride, 4-Methylbenzenesulfonyl Chloride (Tosyl Chloride, 4-

C. Journal Articles Published.

1. Refereed Journals and Patents.

204. Enzymatic desymmetrization of epoxidiols derived from 1,4-napthoquinone, 5-hydroxy-1,4-napthoquinone and 5,8-dihydroxy- 1,4-napthoquinone, Betts, R. L.; Murphy S. T.; Johnson, C. R. *Tetrahedron Asymmetry* 15, 2853-2860. (2004).

D. Papers published in conference proceedings

human prostate cancer cells in vitro and inhibits the primary tumor
growth and invasion of orthotopically implanted prostate cancer cells in
SCID mice. *Proceedings of American Society of Clinical Oncology*, 17: 345A (#1330),
1998.

Crissman, J. D.; Pontes, J. S.; Porter, A. T. “Apoptosis-targeted Prostate Cancer Drug
Development; Synthesis of a Novel Class of Cyclic Hydroxamate Acid Compounds with
159, 132 (A497).

E. Book reviews published

Volume 12. By Chi-Huey Wong (The Scripps Research Institute) and George M.

Biotransformations in Organic Chemistry, Springer-Verlag, By. K. Faber (University of
Graz, Austria), *Synthesis*, 1996
